Audience Solutions integration for The Trade Desk

Fastest, most scalable solution.

Agencies and advertisers can now access Company Surge® and Account-Based Marketing (ABM) audiences on The Trade Desk faster, easier, and in a scalable fashion.

Through a direct connection between The Trade Desk (TTD) and Bombora's Audience Solutions, advertisers can reach targeted audiences globally across programmatic display, video, audio and connected TV (CTV).

This first and only integration between TTD and a Business-to-Business (B2B) data provider supports an incredibly fast 48-hour delivery of any audience created globally.

Reduce waste with always-on Intent-driven programs

Make every impression count. Only 15% of your target businesses are in active research mode for your products or services. Why not focus advertising effort on those most interested?

Company Surge® identifies businesses with greater intent, automatically refreshing and delivering that audience to TTD weekly. Choose from over 17,000+ topics related to B2B products and services, and create clusters of like-minded topics to focus your advertising.

Deliver relevant and timely messages

Use Company Surge® audiences to generate greater engagement and results by delivering relevant content to those most interested in your product or services. Or create multiple Company Surge® audiences corresponding to product offerings to deliver the right content to the right businesses.

Activate audiences across high-impact CTV placements

Connected TV (CTV) advertising has grown substantially within the last few years. Activate Bombora audiences across your CTV programs to combine a highly targeted B2B audience with TTD's impactful CTV inventory.
